Reading Climate Forum talks about...

## **Extreme Events and Climate Change**

7:45pm - Wed 16th March Reading Quaker Meeting House 2 Church Street, RG1 2SB Free Entry

This is the first of a series of four public presentations on climate change. Chris Beales, a local hydrologist and climate change specialist, will talk about Extreme Events from recent years and what we might expect to see in the future.

This event is promoted by the Greater Reading Environment Network (www.gren.org.uk) with support from the Reading Climate Change Partnership (www.readingclimateaction.org.uk)
